

Chassell Township 5-year Road Improvement and Repair Plan (2024)

Recommendations below provided by the Chassell Township Planning Commission to the Houghton County Road Commission. This list is based on current road conditions evaluated by the Roads Committee and the Community survey results from 2020. Please note, these are what we believe to be the Townships priorities and do not guarantee completion, funding or this order. We appreciate the time taken to consider this list.

5-year Plan Major Construction Projects	
Road	Explanation
North Entry, Lower Pike, Sturgeon River Road	All roads are existing gravel roads that have a significantly lower quality in the spring months. Plan to pave to provide year-round quality.

5-year Maintenance/Improvement Plan	
Road	Explanation
Portage Entry	Repair and reduction of damaged sections.
Local Township Roads: (2nd, 3rd, 4th, 5 1/2, 6th, Hancock Street, Creamery Road, Old 41)	Repairs to be under discretion of the Township Board/DPW to modify
Half Moon Beach	Repair and reduction of damaged sections.
Drainage at the South end of Lower Pike	Repair and reduction of damaged sections.
Klingville Road	Repair and reduction of damaged sections.
North Entry	Collapsed Culvert Issues
